

EVERGREEN FIRE PROTECTION DISTRICT

RESOLUTION NO. 2018-0009

**A RESOLUTION SUPPORTING THE EVERGREEN
FIRE PROTECTION DISTRICT BALLOT QUESTION
TO STABILIZE PROPERTY TAX REVENUE**

WHEREAS, the Evergreen Fire Protection District (the “**District**”) is a quasi-municipal corporation and political subdivision of the State of Colorado and a duly organized and existing special district pursuant to Title 32, Article 1, C.R.S.; and

WHEREAS, in 1982 a provision was added to the Colorado Constitution known as the “Gallagher Amendment,” which requires adjustments to the rate at which residential real property is assessed for property tax purposes; and

WHEREAS, since 1982 the residential assessment rate has been reduced from 21% to 7.2 %, which is a 66% drop and has resulted in a reduction of property tax revenue to the District necessary to provide critical emergency services; and

WHEREAS, in 2019 the residential assessment rate is again expected to drop to approximately 6.1%, which is a 15% reduction from the current rate, and which will substantially reduce District revenue in 2020 needed to provide emergency services; and

WHEREAS, if District revenue drops because of the anticipated 2019 adjustment to the residential assessment rate, the District will be forced to take offsetting measures which may include reductions in programs or equipment, and which will likely reduce the availability of fire protection, rescue and emergency medical services to District residents; and

WHEREAS, instead of reducing District services, District voters can authorize the District, without increasing net tax revenues, to adjust its mill levy rate to offset future reductions to the residential assessment rate required by the Gallagher Amendment and thereby stabilize District revenue; and

WHEREAS, the District’s Board of Directors has determined that the public interest and necessity require that the District place before the voters Ballot Issue 7A to allow the District to adjust its general operating mill levy rate in future years to offset the Gallagher Amendment revenue reductions, to allow the District to provide fire protection, rescue, and emergency medical services; and

WHEREAS, the Colorado Fair Campaign Practices Act expressly authorizes the District to adopt and distribute in normal fashion a Resolution regarding any ballot issue of import to the District.

NOW, THEREFORE, be it resolved by the Board of Directors of the Evergreen Fire Protection District as follows:

1. The Board hereby expresses its strongest possible support for Ballot Issue 7A to allow the District, without increasing its net tax revenue, to adjust the mill levy rate to offset reductions resulting from Gallagher Amendment reductions.

2. The Board further confirms that protecting the District against the adverse impact of the Gallagher Amendment is vitally important and necessary to maintain and meet increased demand for emergency response services, and provide for the safety of District firefighters and the health and safety of all current and future District residents and visitors.

3. The Board urges electors of the District to VOTE YES on Evergreen Fire Protection District Ballot Issue 7A at the November 6, 2018 election.

ADOPTED this 9th day of October, 2018.

EVERGREEN FIRE PROTECTION
DISTRICT
