

Electrical

400	Improper use of extension cord
401	Improper type of extension cord
402	Improper installation of extension cord
403	Prohibited type or use of a multi-plug adapter
404	Improper installation of a power tap
410	Improper clearance to an electrical panel
411	Improper maintenance of electrical system
412	Improper labeling of electrical disconnect
413	Lack of required sign on electrical room door
420	Exposed, improper, or faulty wiring
430	Open, loose, or broken electrical box or fixture
440	Ungrounded electrical appliance
441	Improper maintenance of electrical motors
447	Improper testing of emergency generator

Exits and Corridors

301	Exit sign lacks separate power source
302	Improper graphics on exit sign
303	Lack of required exit sign
304	Emergency lights need servicing
312	Prohibited dead-end corridor
314	Exit sign lacks required illumination
315	Improper door swing
320	Designated exit door locked or blocked
321	Lack of required exit door identification sign
322	Improper locking device on exit door
323	Improper operation of panic hardware
324	Self-closing or automatic door blocked open
326	Lack of required panic hardware
329	Improper number of required exits
330	Missing or improper stairway numbering sign
331	Barrier to below grade missing or damaged
340	Prohibited storage in or near exit
341	Exit corridor obstructed

Extinguishers and Extinguishing Systems

550	Improper maintenance of fire extinguishers
554	Improper installation of fire extinguisher
555	Location of extinguisher improper or not marked
556	Access to fire extinguisher impaired
558	Lack of required fire extinguisher

Fire Detection Systems

651	Access to manual pull station blocked
652	Lack of or missing zone identification
653	Required Carbon Monoxide Detectors missing
660	Improper maintenance of fire alarm system
680	Test records not available for fire alarm

Fire Hydrants

150	Obstructed fire hydrant
151	Improper maintenance of fire hydrant
152	Inoperative fire hydrant

Fire Lanes

200	Obstructed fire lane
201	Missing or improper fire lane posting
202	Lack of proper fire department access

Fire Protection Systems

563	Improper maintenance of fire protection system
565	Improper maintenance of kitchen hood or ducts
600	Obstructed fire department connection
601	Improper maintenance of fire department connection
602	Fire department connection improperly or not marked
610	Obstructed fire protection system control valve
620	Inadequate security of fire protection system control valve
621	Improper maintenance of fire protection system
622	Inoperative fire protection system
623	Missing or inadequate spare sprinkler heads or wrench
624	Damaged or missing outside horn or light
625	Fire protection system test records not available
631	Access to standpipe outlet impaired
637	Lack of required control valve signs
642	Test records not available for fire pump

Fire Resistive Construction

351	Fire door hardware missing or damaged
370	Opening protection for fire rated assembly blocked
380	Improper maintenance of fire resistive construction

Hazardous Materials

1020	Storage of empty flammable liquid containers
1050	Improper storage of flammable or combustible liquids
750	Improper securing of a compressed gas cylinder
751	Improper or lack of hazmat identification signs
752	Improper storage of hazardous materials
753	Lack of required MSDS on site
759	Required hazmat permit missing, expired or not displayed

High Rise

1303	Elevator lobby signage missing or incorrect
1420	Command center equipment missing
1435	Test records not available for smoke control system

Keys and Key Boxes

250	Lack of required fire department key box
251	Keys missing or do not work

Malls

940	Prohibited fueled equipment in a mall
-----	---------------------------------------

Miscellaneous

0	Violation not otherwise classified
260	Change of use or occupancy
450	Improper protection of gas meter and/or piping
453	Improper use of portable fueled open-flame device

Permits

700	Required permit missing, expired, or not displayed
-----	--

Premise Identification

100	Premise Identification
-----	------------------------

Public Assemblies

850	Lack of required posting of occupant load
851	Prohibited overcrowding of public assembly
860	Prohibited use of an open flame in a public assembly

Storage

500	Excess accumulation of rubbish adjacent to building
501	Excess accumulation of rubbish within a building
502	Improper storage of combustible materials
520	Improper storage height of combustible materials
521	Prohibited storage in equipment room
523	Prohibited storage in crawl space, attic or plenum area
524	Prohibited storage of fueled equipment in building
530	Improper clearance of combustibles to heating appliance
541	Prohibited storage in exit enclosure
612	Prohibited storage within 18" of sprinkler head
